

## Magnetization Technologies

We can supply both magnetized and non-magnetized magnets according to customers' requirements.

	<p>For rods and rings:axial</p>
	<p>For rings:radial</p>
	<p>For rings:diametric</p>
	<p>For segments:diametric</p>

We are willing to help you with all kinds of questions about magnetization technology in which we are specialized. We adopt manifold packaging methods to guarantee the safety of the magnetized magnets in the transportation process.
